Art Unit: 3742

DETAILED ACTION

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - Claims 1-9, drawn to a heated handgrip, classified in class 219, subclass
 204.
 - Claims 10-16, drawn to a heated handgrip, classified in class 219, subclass 535.
 - III. Claims 17-19, drawn to a heated handgrip and handlebar, classified in class 219, subclass 533.

The inventions are distinct, each from the other because of the following reasons:

- 2. Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as having a dial without a rib. See MPEP § 806.05(d).
- 3. Inventions I and III are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as not having an interconnectable wire. See MPEP § 806.05(d).
- 4. Inventions II and III are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention III has separate utility such as not using a dial. See MPEP § 806.05(d).
